Education

Bachelor of Computer Applications (BCA) – Karani University, Rajasthan

Diploma in Full Stack Development – TMS Computer Classes, Jaipur

Technical Skills

Frontend: HTML, CSS, JavaScript, TypeScript, React.js, React Vite, React Native Expo

Backend: Node.js, Express.js

Database: MongoDB, MySQL

Authentication: JWT, OTP Verification, Role Based Access Control

Real-Time: Socket.io

API: REST APIs, GraphQL APIs

Tools: Git, GitHub, Postman, VS Code

Major Projects

Office Management System

Enterprise-grade Office Management Platform built using React Vite, TypeScript, Node.js, Express.js and MongoDB. Includes Attendance Management, Payroll, Leave Management, Expense Tracking, Task Assignment Workflow, Notifications and Role-Based Access Control.

Club Social Media Platform

Community platform featuring Events, Membership Management, Friend Circle System, Posts, Announcements, Business Directory, Suggestions and Real-Time Chat. Users require Admin approval before login. Built using React Vite, TypeScript, Node.js, Express.js, MongoDB, JWT and Socket.io.

Club Mobile Application (In Progress)

Currently developing Android and iOS applications using React Native Expo to provide mobile access to club members with real-time communication features.

Hotel Management System (HMS)

Developed responsive frontend screens and integrated APIs for booking management, billing operations and customer authentication.

Social Media Platform

Built social media application with user authentication, posts, follow/unfollow functionality and real-time chat using GraphQL, MongoDB and Socket.io.

E-Commerce Website

Developed product listing, shopping cart, authentication and admin dashboard features using modern frontend technologies.

Core Strengths

Problem Solving • Full Stack Development • REST API Development • Database Design • Team Collaboration • Responsive UI Development • Debugging
